

Engineering Student Council (ESC)

Fall 2017 General Member Application

Application Information

Engineering Student Council

Engineering Student Council (ESC) is the official student government of UC Irvine's Henry Samueli School of Engineering. ESC is dedicated to promoting interaction between engineering students, faculty, staff, alumni, and industry professionals. We provide a network of support for engineering students through programs and events that promote student leadership, networking skills, social development, and project management.

Application Instructions

- Complete the following application form and questionnaire. Keep the first two pages of this packet (labeled "application information") for your own reference – you do not need to turn them in.
- Attach your resume or CV to your application.
- Turn in the application to the box outside the ESC room (ICS 219) by **Friday, October 6th by 5PM.**
- **Sign up for an interview time** when you submit your application (sign-up sheet on ESC room door). If you cannot make any of the interview times, please email esc.uci@gmail.com and we can work something out!
- You will be notified of your application status by Sunday, October 15th, via the email address provided on the application.

Interviews

All general member applicants must be interviewed as part of the application process. Interviews will be held during Week 2 (October 9 - October 13) of fall quarter in the ESC room. Interviews will be approximately 30 minutes long. Please sign up for the best available time for you.

*NOTE: We will not be sending out reminders for interview times, so keep this page to remember your interview time.

My interview is schedule for: *Date:* _____ *Time:* _____

General Member Expectations

All ESC general members are required to attend bi-weekly (every two weeks) general meetings. Members are also required to attend all committee meetings, which will be determined by the committee directors. Annual membership dues of \$40 (subject to change) are required. These membership dues are used to fund a variety of events throughout the year and cover the cost of your ESC shirt. All members must attend at least two (2) ESC events per quarter (this is not including the mandatory meetings) and at least one (1) social event per quarter. There will be plenty of opportunities to complete this requirement, and members will be notified of all opportunities.

Engineering Student Council (ESC) Fall 2017 General Member Application

Application Information

Committee Descriptions

All selected ESC general members will be placed into one of the following committees. Please carefully read the descriptions below, then list your preferred committees on the Application Form.

Student Involvement Committee

This committee organizes all large-scale ESC socials, as well as inter-organization socials and competitions (BESOs). Student Involvement also plans some fundraisers and the E-Week competitions. Committee members should be organized, enthusiastic, and have a desire to foster greater student-student connections within the engineering community.

Community Outreach Committee

This committee organizes community service events and K-12 outreach events to encourage younger students to attend college, and inform them about engineering careers. Events include high school visits (presentations and activities), and the annual Shadow Day. Committee members should feel comfortable speaking to K-12 students in one-on-one and large group settings.

Corporate Affairs Committee

This committee organizes professional networking events such as information sessions, resume workshops, and the EngiTECH Career Fair. Committee members will work on recruiting companies to participate in such events through emails, phone calls, and company visits. Committee members must be very organized, and comfortable with communicating professionally with industry reps.

Public Relations Committee

This committee markets all ESC events and programs to the campus through class announcements, posters, flyers, social media, etc. Photoshop skills (or flyer-making skills) are extremely beneficial. Public speaking skills are a bonus as well (but can be developed on-the-job). Committee members should be creative and enthusiastic.

Faculty Engagement Committee

This committee promotes student-faculty interaction through mixers, sporting events, and research panels. Some events include the Dean's Welcome Picnic, E-Week Dean's Breakfast, and the Research Fair. Members should feel comfortable contacting professors (via email and in person) and facilitating social and professional networking events.

Engineering Student Council (ESC) Fall 2017 General Member Application

Application Form

Please fill in this form neatly:

First Name:		Last Name:	
E-mail Address:		Phone Number:	
Major(s):		Graduation Year:	
Have you applied to ESC before? (Y/N)		If yes, when?	

Specify the three ESC committees that you are most interested in joining (in order of preference):

1. _____ 2. _____ 3. _____

Questionnaire:

Please **TYPE** your responses to the following questions on a separate sheet of paper and staple it this application.

1. Why are you interested in joining ESC? Please state your goals and expectations.
2. What do you hope to accomplish in each of the committees you selected?
3. What experiences, qualities, or skills do you have that you can bring to the organization and the committees you selected?
4. Please explain your other time commitments for the 2017-2018 year. Include courses, work, research, extracurricular, etc.
5. Please attach your resume or CV to the end of this application.

**Submit this completed application (application form, typed answers, and resume) to the ESC room (Information and Computer Sciences (ICS) 219) and sign up for an interview by
FRIDAY, OCTOBER 6TH, 2017 AT 5:00PM**

Thanks for applying to join Engineering Student Council at UC Irvine!
