

Engineering Mentoring the Future 2018-2019 Mentor Application

Application Information

What is Engineers Mentoring the Future (EMF)?

Engineers Mentoring the Future (EMF) is the mentorship program within Engineering Student Council (ESC), the official student government of UC Irvine's Henry Samueli School of Engineering. This program pairs first and second years with older engineering students. EMF helps facilitate a smooth transition into college for newer students, while helping them develop both personal and professional skills through social and academic events.

Mentor Requirements and Expectations

- Incoming second years and older may apply to be a mentor.
Note: Incoming second years may apply to be either a mentor or a mentee. Mentee applications will be released in the fall.
- Mentors are expected to attend bi-weekly general meetings, events, and socials, as well as to keep in constant contact with their mentee(s).
- Mentors are expected to pay membership dues of \$10 (subject to change). These membership dues are used to fund the EMF shirts and the events/socials throughout the year. If this creates a financial problem, please contact us.

Application Process

- Complete the following application form and questionnaire. Keep the first page of this packet for your own reference – you do not need to turn them in.
- Attach your resume or CV to your application.
- Turn in the application to the box outside the ESC room (ICS 219) by **Friday, May 11th, 2018 at 5pm.**
- Sign up for an interview time on the door (please keep note of your interview time).
- There will be a limited amount of mentors in the program.
- You will be notified of our decision by Saturday, May 20th, via the email provided on the application.

Interviews

Please keep note of the interview time that you signed up for. We will not email you reminders, so please show up on time. The interview process is a time for us to get to know you on a more personal level. Interviews will last approximately 15-20 minutes and will take place in the ESC room (ICS 219).

(DO NOT TURN IN THIS PAGE)
