

Engineers Mentoring the Future (EMF) 2017-2018 Mentee Application

Application Information

What is Engineers Mentoring the Future (EMF)?

Engineers Mentoring the Future (EMF) is the mentorship program within Engineering Student Council (ESC), the official student government of UC Irvine's Henry Samueli School of Engineering. This program pairs first and second years with older engineering students. EMF helps facilitate a smooth transition into college for newer students, while helping them develop both personal and professional skills through social and academic events.

Mentee Requirements and Expectations

- Incoming freshman, sophomores, or transfers may apply to be a mentee.
- EMF is the mentee's support network - you should feel open to talking to other mentees and mentors in the program. The more you participate and attend, the more you will gain from EMF!
- Mentees are expected to attend general meetings (every two weeks), events, and socials.
- Mentees are to meet/skype/call at least once a week with their mentor
- Mentees pay membership dues of \$10. These membership dues are used to fund the EMF shirts and the events/socials throughout the year. If this creates a financial problem, please contact us.

Application Process

- Complete the following application form and questionnaire. Keep the first page of this packet for your own reference – you do not need to turn them in.
- Optional: Attach your resume or CV to your application.
- Turn in the application to the box outside the ESC room (ICS 219) or send it to emf.uci@gmail.com with "EMF 2017-18 Mentee Application" in the subject line by **Friday, October 6th, 2017 at 5pm.**
- There will be a limited amount of mentees in the program.
- You will be notified of our decision by Saturday, October 7th, via the email provided on the application.

(DO NOT TURN IN THIS PAGE)

Questions? Please e-mail emf.uci@gmail.com

Engineers Mentoring the Future (EMF) 2017-2018 Mentee Application

First Name:		Last Name:	
E-mail Address:		Phone Number:	
Date of Birth:		Graduation Date:
