

Engineering Student Council (ESC)

Spring 2019 Membership Application

Engineering Student Council

Engineering Student Council (ESC) is the official student government of The Henry Samueli School of Engineering. ESC is dedicated to promoting interaction between engineering students, faculty, staff, alumni, and industry professionals. We provide a network of support for engineering students through programs and events that promote student leadership, networking skills, social development, and project management.

General Member Expectations

All ESC general members are required to attend bi-weekly (every two weeks) general meetings. Members are also required to attend all committee meetings, which will be determined by the committee directors. Annual membership dues of \$40 (subject to change) are required. These membership dues are used to fund a variety of events throughout the year and cover the cost of your ESC shirt. All members are also expected to support general ESC events throughout the year.

Committee Descriptions

All selected ESC general members will be placed into one of the following committees. Please carefully read the descriptions below, then list your preferred committees on the application form.

Student Involvement Committee

This committee organizes all large-scale ESC socials, as well as inter-organization socials. Student Involvement also plans some fundraisers and the E-Week competitions. Committee members should be organized, enthusiastic, and have a desire to foster greater student-student connections within the engineering community.

Community Outreach Committee

This committee organizes community service events and K-12 outreach events to encourage younger students to attend college, and inform them about engineering careers. Events include high school visits (presentations and activities), and the annual Shadow Day. Committee members should feel comfortable speaking to K-12 students in one-on-one and large group settings.

Engineers Mentor the Future Committee

This committee serves as ESC's mentorship program, Engineers Mentor the Future, which helps freshmen by establishing one on one relationships with knowledgeable upperclass students. Committee members will ensure a smooth transition for incoming freshmen by adopting a mentee and by hosting bonding events and informational workshops, such as EMF Olympics and How to Survive Engineering. Members must be at least sophomores, should have good communication skills, and be creative and confident in their ability to lead.

Faculty Engagement Committee

This committee promotes student-faculty interaction through mixers, sporting events, and research panels. Some events include the Dean's Welcome Picnic, E-Week Dean's Breakfast, and the Research Fair. Members should feel comfortable contacting professors (via email and in person) and facilitating social and professional networking events.

Corporate Affairs Committee

This committee organizes professional networking events such as information sessions, resume workshops, and the EngiTECH Career Fair. Committee members will work on recruiting companies to participate in such events through emails, phone calls, and company visits. Committee members must be very organized, and comfortable with communicating professionally with industry reps.

Public Relations (PR) Committee

This committee is responsible for working with the rest of ESC's communications team to build and maintain ESC's image at UCI. Committee members will help maintain the ESC escritoire (newsletter), manage social media events and advertising, and contribute design ideas for various ESC merchandise. Members should have a willingness to learn, be open to speaking in front of large groups, be creative and enthusiastic, and have a solid foundation in their writing skills.

Questions? Please e-mail esc.uci@gmail.com or visit <http://facebook.com/escatuci>.

Application Instructions

Complete the following application form and questionnaire. Attach your answers and resume or CV. Turn in the application to the box outside the ESC room (ICS 219) by Friday, April 26th by 5PM, and sign up for an interview time (sign-up sheet on ESC room door). If you cannot make any of the interview times, please email esc.uci@gmail.com and we can work something out! You will be notified of your application status by **Sunday, May 6th**, via the email address provided on the application.

Engineering Student Council (ESC) Spring 2019 Membership Application

Name		Graduation year	
E-mail Address		Phone number	
Major(s)		T-shirt size	

Specify up to three ESC committees that you are most interested in joining (in order of preference):

1. _____ 2. _____ 3. _____

Questionnaire:

Please **TYPE** your responses to the following questions on a separate sheet of paper and staple it, **along with a copy of your resume or CV**, to this application. Remember to **sign up for an interview** when you submit your application.

1. Why are you interested in joining ESC? Please state your goals and expectations. If you are a returning member, why are you interested in reapplying, and what was your favorite part about being in ESC this year?
2. What do you hope to accomplish in each of the committees you selected? If you are a returning member applying for the same committee you were in last year, what improvements would you like to make?
3. What experiences, qualities, or skills do you have that you can bring to the organization and the committees you selected?
4. Please explain your other time commitments for the 2019-2020 year. Include courses, work, research, extracurricular, etc.
5. Please attach your resume or CV to the end of this application.

NOTE TO RETURNING GENERAL MEMBERS:

IF YOU ARE REAPPLYING TO BE A GENERAL MEMBER IN THE **SAME COMMITTEE** YOU WERE IN THE PREVIOUS ACADEMIC YEAR, YOU ARE NOT REQUIRED TO SIGN UP FOR AN INTERVIEW. All applicants looking to return to ESC under a different committee will need to sign up for an interview.

Submit this completed application (application form, typed answers, and resume) to the ESC room (ICS 219) and sign up for an interview by FRIDAY, APRIL 26TH, 2019 AT 5:00PM.

Thanks for applying to join Engineering Student Council at UC Irvine!
